PROFESSIONAL EXPERIENCE

Head of Media | CAT Reloaded, Mansoura University | 2025 – 2026 (Season 2025/2026)
Non-profit student foundation focused on Computer Science, IT, and open-source technologies

- Led a media department of 100+ members across 6 circles: Photography & Videography, Video Editing, Graphic Design, Motion Graphics, Content Writing, and Marketing.
- Managed the foundation's Facebook and Instagram pages end to end, owning the content calendar, approval workflow, and posting-time strategy.
- Supervised the training of newly recruited members, working with each circle head to ensure skills were taught correctly and consistently.
- Directed media for the full annual cycle of 7 events: CAT Booth, Hello World X, the recruitment campaign, PodCAT, CAT Station V.7, the CATathon CTF, and CAT Scoop.
- Enforced a consistent visual identity across every platform, campaign, and event.
- Tracked reach and engagement in Meta Insights and adjusted content and posting times based on the results.

Photographer & Videographer | CAT Reloaded, Mansoura University | 2024 – 2025 (Season 2024/2025)

- Covered the season's events as a member of the Photography & Videography circle, including CAT Booth, Hello World, and CAT Station.
- Planned each shoot on site: camera angles, lighting, and shooting locations.
- Edited short-form video with basic colour grading for Instagram Reels and Facebook.
- Worked with the design and content circles to keep visual output on brand.

Content Creator | Freelance | 2024

- Self-taught in content creation; managed social media pages for educational and service-based brands end to end.
- Built content strategies for defined audience segments, including content pillars and posting schedules.
- Developed cohesive visual identities matched to each brand's personality and tone.
- Researched each brand's market and competitors to shape content direction.
- Wrote Arabic and English copy for posts, captions, and campaign assets.

KEY CAMPAIGNS & EVENTS

Canva Course — Own Product Launch (2025)
Created and sold an online Canva design course, "Earning from Design on Canva", delivered via Google Drive. Ran a Meta Messaging campaign that turned 445 conversations into 50 paid enrollments (11.2% conversion, ~EGP 24 per student) on an EGP 1,208 budget, reaching 17,420 people. A/B tested video against image creative at the same cost per conversation; video drove 57% of conversations.

CAT Booth — Season Launch Event
Led media for the season's first and most important event, introducing CAT Reloaded to students across faculties including Fine Arts, Commerce, Engineering, and Computers & Information.

Hello World X — Speaker & Media Lead
Spoke on stage in a session about media, and led the event's coverage from teaser content through live coverage and recap.

PodCAT — Tech Podcast Series
Directed media and production for a podcast hosting well-known Egyptian technology figures, including Osama Elzero, Ahmed El-Emam, and Mohamed Fathy.

CAT Station V.7 — Training Program Launch
Led the launch campaign for six technical tracks: Data Science, Back-End, Front-End, Flutter, UI/UX Design, and Cyber Security.
